

The Ratnam Entrepreneurship Cell, fondly called the Ratnam E-Cell, the team tries to nurture the entrepreneurial talent in students through Mentoring and provide all the required support to discover business ideas. The Team continuously strives to impart knowledge and guidance on different aspects of business with special focus on setting up new ventures.

The E-Cell Team regularly provides a platform to Ratnamites at their level to put up food and non food stalls at the college canopy on various occasions. Various seminars and workshops are conducted by eminent speakers from the Industry and the Ministry for Mentoring and Brainstorming purposes. Special online talks by International Tedx speakers, visit to various summits happening around the city is a yearly feature. The E-Cell in association with the Ministry of Micro Small and Medium Enterprises, Mumbai annually conducts various workshops, industrial motivation campaigns, and visits to the MSME library along with the students.

Ratnam E-Cell has continuously endeavored to provide opportunities to students to develop required skills and hone their personality, The Team strives towards its vision to INSPIRE, to INNOVATE, to INCUBATE.

The Ratnam Entrepreneurship Cell proudly presents NES Startup Fest. We at NES Ratnam, hereby pay tribute to our Hon'ble Prime

Minister Narendra Modi's dream of transforming India from a nation of job seekers to a nation of job creators by virtue of the 'Startup India' initiative.

Objectives:

- o We provide a platform for students to exhibit their entrepreneurial propensities and introduce their ideas to a wide and illustrious audience in the nation's financial capital.**
- o We successfully provide mentoring, marketing and media support to flourishing entrepreneurs all under one roof.**
- o We inspire and ignite the entrepreneurial spirit amongst the youth and strive to harness their latent potential.**

The NES Startup Fest is also an unique opportunity for Brands to reach out to the next generation of entrepreneurs who steer the course of India Inc. tomorrow, to reach out to nearly 2 lakh visitors, including college students and to connect to the most accomplished people of India Inc. who come there as Speakers/Guests/Fund managers/Mentors/Visitors. A way to reach millions through online and onsite promotions.

Seven student start-ups won over investors at the 8th edition of NES Start-up Fest, organized by the E-Cell of NES Patnam College.

Inclusivity was the word at the 8th edition of the NES Start-up Fest, organized by the E-Cell of NES Patnam College on February 8 at the NES International School campus. The event saw nearly 2000 students in attendance, with 60 student start-up ideas as well as 15 startup ideas by budding entrepreneurs, women entrepreneurs, differently-abled entrepreneurs and more on display.

From these, the seven start-ups shortlisted for incubation are PI Code Club for their stock coding STEM for kids, Intelligent Safety Propan Transportation by Veev Bawar, Complate Solar by Future Residential Complex, Mural Painting by Yogesh Arts, 100% biodegradable sanitary napkins by Wanna Feel Refreshed, Smart Bikes by Auto Tech, and cost reduction robotics by Smart Systems.

These seven shortlisted start-ups will be guided and mentored by industry experts.

Science geeks display ampere of creativity and quantum of knowledge
