1) Improve Teaching methods by introducing innovative technologies. 2) The institute encourage individuality and creativity. 3) The institute really cares about the overall development of students.

Positive

Excellent

NA

Very good

College is best

.

College study impro the confidance of the students . Teacher are always positive

Null

Good teaching

Best college

I believe being a student of ratnam college is just like being on cloud 9...just need to get hitched with new techniques in teaching

Very good learning experience

Everything is great Teachers mentor us Teachers guide us Teachers help us in becoming a better citizen on this country

Clg system is best, Discipline & all the teachers are supported, guide to students

1. An well discipline college 2. Teaching is Good 3. Good communication skills

The area is to crowded near college My phone got stolen recently in that area

..

Nice teaching system

Teachers are not at all helpful

Good college to study for better future good teaching skill and helpful teachers

1.They all are supportive. 2.They always used to motivate to all the students. 3.There are staff who are outstanding in explaining any topics.

Overall everything is very good ☺

Good,Good,Good

Supportive teacher, Appropriate environement, healthy environment

College is best for overall activities and studies

Cleanliness, time management, surrounded natural area

neutral

Teachers are friendly to students .

Teacher are well trained and friendly

Nice teaching, discipline college

The college schedule is always punctual for lectures . Cleanliness and hygiene environment is maintained all the time . Teachers are teaching more interactively with creative ideas .

Positive Impression - 1. Strict discipline is observed everytime 2. Along with academics, cultural and sports has also been given equal importance 3. Evaluation of our performance and guidance is given as and when needed

Management is very good

Disciplined and good

I like the college

Overall excellent, No negative impression on teaching

Excellent college

College is very good Teachers are explaining the concept very well

**\*Positive Impression\*** 1) Discipline is the most important and positive quality NES RATNAM use/teaches us(student) which will eventually help us in our life in overall aspects 2) Free library ( As I have never been to library in my life before so it is really a positive impression) 3) Tons of courses,seminars etc which is really gives me a positive impression about pure college as it provides with lots of courses with reasonable price and some are even freedom **\*Negative Impression\*** 1) As for the Negative impact i dont really see anything about the college and related to college that gives me negative impression except for the (play)ground . I think if only our college had our own and perfect ground it would have been really admirable but again it does not affect its curriculum and other courses it only effects our opinion on ground and campus, its just that ( also I did not took part in any of the sports so it doesnt really matter to me that much).

1) This College Teaches me that..Extra/Other Activities are always involved and should be a part of the Students...With Studies. 2) Strongly agree about all the facilities are good at all..but some how..I think..there should be some improvation in Technological Studies related to Computers and that field faculty. 3) I think this is enough for this topic..rather than I don't feel anything is missing for a College Student Taste.

The study environment is very good. Teachers are very interactive and friendly. College has a large variety of events occurring regularly.

Strict discipline Interactive faculty

the college is preferring a high class education with a overall package of leadership, extra curriculum with good dignified teachers and professors who are being a backbone to guide us.

Working under Prof. Dr. Sunita Chahar made me explore more things in research. working hours for Ph.D students should be little more.

Great Learning , Easy Concepts , Joyfull

1.the college always focuses on teaching and learning 2.The faculties are very helpful for doubt solving 3.extra curriculum activities aree also carried out like cultural activities,sports activities.

Teaching staff is really very good and friendly. All teachers explain everything very easily and makes it very easy to understand. Practical also are performed very nicely and explanation here too is perfect.

1) Teachers inform us about challenges and expected outcomes after the completion of the course 2) They Often Make us Realise The actual Industrial Need so that we could Refine our Skills in that Tangent 3) Though The College Management is Strict but at the same time has given us that

freedom to explore myself by emphasising us to participate in various different activities apart from academia

1- collage is very good and maintain 2- sports and cultural activities are done 3- the teaching style is very good

I strongly believe am being graduating from top most college and I totally appreciate however I wish if there could be more appropriate well programmed basic structure for stream bcom

1 - Laboratory is very much satisfactory. 2 - Teachers helps us when we approach them. 3 - From library we can borrow any books which are in need which is free of cost.

Teacher teach very well

1. Discipline 2. Extra activities 3. Teaching style and way of communication with students.

positive

Positive impression is that the NES Ratnam college helps the students to encourage their talents in various activities such as cultural or any other activities

1. Very nice and enjoyable environment in the college. 2. Discipline is been taken care to a great extent. 3. Nice faculty for my course.

No negative impression

Very disciplined college, they guide us and help to develop confidence to face challenge in life or to achieve goals

Overall its great experience and build rapport with teachers and everyone in the institution.

1) Always encouraging for excellence 2) College provides Best teachings... and best learning ambiance. 3) Provides excellent carrier opportunities and internships to the deserving students/ candidates.

1. Teachers are very helpful in making the concepts clear to all the students 2. Teachers encourage us to take part in extra curricular activities 3. The teaching methods are effective for all the students

This college has many study courses opportunities and plus different sports activities and cultural activities which many students are interested in, so I would like to pursue further education in this college

Teachers are well trained and teaches nicely

The three positive impression of the college Good in teaching skill ,helps in problem solving, good interaction with us .I don't think is there any negative impression from my side

Good College, great teaching staff

I am the first year of bms faculty/department As I experience for 4 months in this college(1) my first impression is that this college known for the discipline that is very good for making strong basic

foundation of student.(2) all faculty are more experienced in this college, knowledgeable and maintain rapport with student and They teach us all the concept as real life example such as by arranging activities to understand the concept thoroughly and so on. all the staff in this college are philanthropist and supportive.(3) this college as A grade college 3 times by (naac) national assessment abd accreditation council.

The postive impression about college is,It prepares you, both intellectually and socially, for your career and your adult life. They give education include career opportunities like better paying and higher skilled jobs. A college degree can help you finally land that dream job you've always wanted.

Overall impression is very good

Clg is giving it's best for us

Excellent teachers, good environment, good management.

Teaching, Evaluation & Student - Teacher Relationship

Discipline clg, teacher are very good,they guide us

They Are Taking Lectures regularly

Teacher San baccho par dhayan deti hai San ko samjhati hai Or time time se padhati hai

The faculty is very nice Method used for explaining are nice Good management

Ma'am sabke upar dhayan deti hai

Positive energy

Very nice

#Teachers so friendly #Teachers is halping ennytime #Teachers saport to study methods #reached timings of Teachers

Good, Disciplined

Positive points- 1.Teachers are really good and they understand our issues. 2.College provides various opportunities to enhance the skill of the students. 3.College makes attendence compulsory and it is one of the peculiarity about the college which none of the college does.

The college is excellent in what it does

1. Good in teaching 2. Give more information related to studies 3. They give more opportunities for students to improve their skills

Self development, help to build communication skills

Good , Very deciplined,

The environment is very familiar and faculties are very well versed and help us negative is nothing because they never do any mistakes

College is so good

The positive impression about college it is prepare you both intellectual and socially

NES Ratnam College follows rules and regulations. Holidays are not given easily.

Regular classes , interactive learning

All Things Are good

Positive Areas: Sport Ground Career Opportunities Library
